 NOT DUE TO COLD, WET WEATHER  
 THE TROUBLE IS ROOTED IN

Many people believe that the twinges and aches and rheumatisms are due to cold; damp or wet weather, and treat themselves by rubbing with liniments and lotions. This is a serious mistake, and one which allows the disease to progress to such an extent that it is often impossible to get it out of the system.

The trouble first located in my right leg, rendering all work impossible, and walking excessively difficult. I tried to cure myself by means of all sorts of liniments and lotions, but without avail. The trouble was constantly growing worse, and the pain soon and more unbearable.

Finally the disease spread to my other leg, and I was all but helpless, and I was completely discouraged, thinking I would be a sufferer for the rest of my life. At this time I read an advertisement in our home paper, of this trouble being cured by Dr. Williams' Pink Pills and I decided to try them. I first got four boxes of the Pills and after using them for several weeks I could see that

Toronto, Oct. 4.-To say that the home-coming of the Queen's Own Rifles was a surprise occasion, would be to put it far too mildly. Indeed, it was a great event being witnessed with more enthusiasm or carried out with greater formality and solemnity from the moment the soldiers stepped out of the barracks to the time when they were met by the Mayor and Aldermen.

# Parker Guilty.

Cooked from evidence.

Mr. J. T. Sargent, foreman of the jury, asked and answered 'GUILTY' to the charge of murder.

"I answer to the question, if I agreed to that verdict, the response was 'no'."

A momentary silence fell upon the court officials and spectators alike. The jury, after a short deliberation, returned a verdict of 'GUILTY'.

"Have you, Robert Parker, anything to say to the sentence of the court?" asked the judge.

"I am a native of this city," Parker replied. "Nothing to say."

Mr. Parker, K.C., counsel for the prisoner, then moved for a recess on a number of grounds, which he minutely outlined. The judge then adjourned to leave counsel Parker's death had followed to take out of court to be brought and also a case made of a full trial.

After Mr. White, Crown prosecutor, had answered the points raised by Mr. Parker, his Lordship said that he had permitted the plea to be weighed and that most Mr. Williams, who had been entrusted with the case, had not been able to do so.

Mr. Williams' right. This statement could not be made after the case had been reviewed, the objection raised by Mr. Parker, stated that he did not see after the case for a recess case. The ends of justice required that the case be adjourned for a recess case.

Robert Parker was then called upon to stand up, which he did, leaving the judge, saying to the jury with his hands raised, "I am a native of this city."

His Lordship said: "Robert Parker, your trial has occupied much time and has received very careful attention. You were most ably defended and a fair trial accorded you. The evidence has satisfied twelve of your fellow countrymen that you were guilty of murdering the late Mrs. Parker on the night of April 1st. The penalty of death is the only one that can be imposed upon you."

The verdict was then pronounced, and the jury retired. The prisoner was then taken to the prison.

The unfortunate man seemed dead, and wearily walked to the cell. He was quickly led to his cell below, and remained until the fatal day, December 1st.

The court was then formally adjourned.

## THE PRISONER'S STORY.

When court resumed yesterday afternoon, Robert Parker, the accused, was placed in the witness box. He stated that he had been in the city since the night of the murder.

Mr. Parker: "Did you shoot Mr. Parker?"

Prisoner: "I did not."

"Did you know anything of the shooting?"

"Only what I have heard about the case."

The accused then detailed the story of his life from the time he was born. He stated that he had been in the city since the night of the murder.

and the jury's responsibility was about to rest upon the jury. The able counsel, outlined the facts in regard to the shooting, and the jury, after a short deliberation, returned a verdict of 'GUILTY'.

"It must be a complete chain of circumstances. If one link of the chain is missing, the case is destroyed. Counsel then minutely and at considerable length reviewed the evidence of the trial and the jury, after a short deliberation, returned a verdict of 'GUILTY'.

Many Settlers, Crazed With Grief, Are Said To Be Roaming The Woods.

WARDEN, Minn., Oct. 10.—Beaudefert, Spooner, Pitt, and Graceton, Minnesota, were wiped off the map of Minnesota by the most terrible fire ever witnessed by Minnesota.

The bodies of 25 settlers have been found and it is thought that the death roll among the settlers will be upwards of 300. Wagonloads of dead are being brought into the railway station at Beaudette constantly.

It is reported that many settlers, crazed with grief at the loss of their property, are roaming the woods, and searching parties are constantly going out to find the dead and the demented.

One of nine men and seven women of five were wiped out on Friday night.

The whole country east of here is on fire. Spooner, Pitt, Warden and Cedar Spire are in great danger. The people of the Beaudette are being forced to flee.

Help must reach them in the next few hours, for the fire is spreading rapidly. Help must reach them in the next few hours, for the fire is spreading rapidly.

The Irish question is settled. At the meeting of the Ancient Order of United Workmen, held at Spokane, B. C., last month, a resolution was passed regarding the immediate and entire independence of Ireland from the King's Government; another demand was made the study of Irish history in parochial schools, and a third pledging the city's aid to the church and state.

This settles the question. So Robinson and O'Connor can go home.

## Two Minute Talks About

# PANDORA RANGE

for Coal or Wood

Of course the Pandora Range is a few dollars more than ordinary ranges. But it will soon pay for itself in the fuel it will save for you.

The Pandora Fire System and Wide Fire Box, designed by our brainy store experts, have about half as much coal per year, because they supply more air than the fire systems and fire boxes of ordinary ranges, causing better combustion of fuel.

The Street Oven saves more fuel, because it heats up more rapidly than a cast iron oven. The heavy Fire City Cooking on the main bottom of range prevents any heat wasting towards the floor. It drives the heat back into the oven, and thus saves still more fuel.

But the big economical feature is this: The draft for cooking on top of the range is also the draft for baking in the oven. The heat does double duty and your fuel bill is largely reduced.

Get the Pandora—the range that pays for itself. No other range is high-class enough for you.

# WARRANT SWORN OUT For The Arrest of C. D. Sheldon, Sharper

David Burnside, Book-keeper For Blind Pool Operator, Charges Fraud—Claims Pouring From All Parts of The Country.

(Intelligence Special.)  
MONTREAL, Oct. 14.—A warrant was sworn out this morning for the immediate arrest of C. D. Sheldon, the blind pool operator, by David Burnside, his bookkeeper, charging him with obtaining money by fraud. It developed this morning that this fraud occurred in his house after it was thought he had disappeared and stripped it of everything of value. Also his office was raided and there are no books left there now which investigation can be made. The inquiry into Burnside must have kept a record of transactions in his book. Thousands of claims are pouring in from all over the country, but there is nothing to meet them. Perhaps the greatest tale of woe came from the little town of Walkerton, Ont., which contributed from seventy-five to eighty thousand dollars. It seems that the man, a native of Walkerton and was able to convince the police that it was a fraud. Ministers, lawyers, clerks, school children, almost everybody, are in it and the anxiety is intense. Other towns estimate their investments in Sheldon's blind pool as follows: Hamilton \$1,000,000, Toronto \$200,000, in England and was on his way home to take possession of it.

HEADACHE AND EYE STRAIN.

Conting of

This is not surprising when we consider that in many cases eye-strain is not a disease, but a symptom, and the cause remote. This is not hard to believe when we think of cases of epilepsy that have been reported cured by treatment directed to the stomach, or to other distant organs. Again, vertigo is a condition that is often produced by eye defects, particularly muscular imbalance in the cervical plane, and is relieved by their correction.

Cases of gastric disturbance are numerous which have been treated by other means before, without result, but which have been relieved by correction of an ocular defect.

In the latest and best Happy Thought manufacturers have provided a way by a patented ventilating device. The open door of every HAPPY THOUGHT RANGE contains a register drifter through which the air is admitted and heated as it enters. By this means the oven is kept perfectly fresh; all steam and odors being drawn off through a tube in the oven and finally to the smoke pipe.

**BELEVIEW, ONTARIO, FRIDAY, OCTOBER 25, 1910.**  
Job Earl Seely Found Out By Father-In-Law Who Claims His First Wife Is Living—Accused Pleads Not Guilty.

HELD AT ROCHESTER BY GRAND JURY.

ROCHESTER, Oct. 24.—Job Earl Seely, aged 34, a butcher, formerly of Belleville, Ontario, last living at 604 Oak street, was arrested this morning by Joseph Hanes on a charge of bigamy, and arraigned before Justice Chandler. Seely pleaded guilty and was held to await the action of the Grand Jury.

It is alleged that while Seely held a wife living in Belleville, from whom he had never been divorced, he married on August 10, last, Frances Hanes at a house in the city of Rochester, 211 Orchard street. A warrant directed by Seely by bigamy was issued on the 24th of August, and since then the police have been looking for him.

Joseph Hanes father of Frances Hanes in an information filed against Seely states that he learned from a conversation with G. W. Todd on August 14 after his daughter's marriage, that Seely was married and that he was a wife living in Belleville. Mr. Hanes started a quiet investigation and learned, so he alleges, that Seely was married to a woman named Frances Hanes on December 12, 1908. He learned that Mrs. Seely was alive and that Seely had never divorced a divorce from her. Seely was married to Miss Hanes at Holy Apostles' Church. At that time Seely naturally said he was a single man and denied having been married before. The young man was located by his second father-in-law this morning and walked to the home of Mrs. Hanes at 1400 Front street, where from him Hanes father and sent him to Police Headquarters.
